Description:

From the basic sit to walking on top of a barrel, Advanced Cat Training in 10 Minutes will take you on a journey through how to understand felines, live with them harmoniously, train them to perform a variety of complicated behaviors and care for them in a manner consistent with their natural needs. We begin with an in-depth look at Operant Conditioning techniques and how to apply them to training your cat. Then delve into how to insure your cat is in optimum condition to learn. After a brief review of basic behaviors we then open up the world of advanced cat training.

Have more than one cat? Or a resident dog? All can be trained at the same time, using this books tandem training techniques. Upon reaching Super Cat Status, you can take your feline into the realm of public performance in shows, expositions and in the media. Miriam Fields-Babineau has been training cats since 1978. From teaching pet parents how to overcome behavior problems, enabling them to walk their felines outdoors to providing cats for media productions, Ms. Fields-Babineau has an enormous understanding of the feline psyche and how to manipulate their behavior to insure a harmonious relationship. This book is a sequel to her best-seller, Cat Training in 10 Minutes, published in 2003. For those cat enthusiasts who want to take their feline relationships further than ever before, Advanced Cat Training in 10 Minutes is the yellow brick road to success!
